

**U.S. Estimated Tax for
Nonresident Alien Individuals****2003****Purpose of This Package**

If you are a nonresident alien, use this package to figure and pay your estimated tax. Estimated tax is the method used to pay tax on income that is not subject to withholding.

Do not use the payment vouchers in this package to notify the IRS of a **change of address**. Instead, use **Form 8822**, Change of Address.

You can order Form 8822 and other forms and publications by writing to the Eastern Area Distribution Center, P.O. Box 85074, Richmond, VA 23261-5074, USA. Or, if you have a computer and modem, you can access the IRS Web Site 24 hours a day, 7 days a week, at www.irs.gov. For file transfer protocol, connect to ftp.irs.gov.

Who Must Make Estimated Tax Payments

Generally, you must make estimated tax payments if you expect to owe at least \$1,000 in tax for 2003 (after subtracting your withholding and credits) and you expect your withholding and credits to be less than the **smaller** of:

1. 90% of the tax shown on your 2003 tax return or
2. The tax shown on your 2002 tax return (110% of that amount if you are not a farmer or fisherman and the adjusted gross income shown on that return is more than \$150,000 or, if married filing separately for 2003, more than \$75,000).

However, if you did not file a 2002 tax return or that return did not cover all 12 months, item 2 above does not apply.

For this purpose, include household employment taxes (before subtracting advance EIC payments made to your employee(s)) when figuring the tax shown on your tax return if:

1. You will have Federal income tax withheld from wages, pensions, annuities, or other income effectively connected with a U.S. trade or business or
2. You would be required to make estimated tax payments to avoid a penalty even if you did not include household employment taxes when figuring your estimated tax.

Changes Effective for 2003

Use your 2002 tax return as a guide in figuring your 2003 estimated tax, but be sure to consider the following changes. For more information on these changes and other changes that may affect your 2003 estimated tax, see **Pub. 553**, Highlights of 2002 Tax Changes.

Child and dependent care credit. You may be able to take a credit of up to \$1,050 for the expenses you pay for the care of one qualifying person; \$2,100 if you pay for the care of two or more qualifying persons.

Adoption credit. The maximum credit allowed is \$10,160 per child. The credit is allowed only if your modified adjusted gross income (AGI) is less than \$192,390. If you adopt a child with special needs and the adoption becomes final in 2003, you may be able to take the maximum credit regardless of your actual expenses.

Exclusion of employer-provided adoption benefits. You may be able to exclude up to \$10,160 of employer-provided adoption benefits from income for each child. The exclusion is allowed only if your modified AGI is less than \$192,390.

Section 179 expense deduction. Generally, the maximum deduction to expense certain property under section 179 for 2003 is \$25,000.

IRA deduction allowed to more people. You may be able to take an IRA deduction if you were covered by a retirement plan and your 2003 modified AGI is less than \$50,000 (\$70,000 if a qualifying widow(er)).

Self-employed health insurance deduction. You may be able to deduct up to 100% of your health insurance expenses.

Estimated tax safe harbor for some taxpayers. The estimated tax safe harbor that is based on the tax shown on your 2002 tax return is 110% of that amount if you are not a farmer or fisherman and the AGI shown on that return is more than \$150,000 or, if married filing separately for 2003, \$75,000.

Standard mileage rate. The 2003 rate for business use of a vehicle has decreased to 36 cents a mile. The rate for use of your vehicle for deductible moving expenses has decreased to 12 cents a mile.

To Figure Your Estimated Tax, Use:

- The **2003 Estimated Tax Worksheet** on page 3.
- The instructions below for the worksheet on page 3.
- The **2003 Tax Rate Schedules** on page 4 for your filing status.*
- Your 2002 tax return and instructions, as a guide to figuring your income, deductions, and credits (but be sure to consider the changes noted earlier).

If you receive your income unevenly throughout the year (for example, because you operate your business on a seasonal basis), you may be able to lower or eliminate the amount of your required estimated tax payment for one or more periods by using the annualized income installment method. See **Pub. 505**, Tax Withholding and Estimated Tax, for details.

To amend or correct your estimated tax, see **Amending Estimated Tax Payments** on page 2.

*If you are married, you must generally use Tax Rate Schedule Y. For exceptions, see **Pub. 519**, U.S. Tax Guide for Aliens.

Instructions for Worksheet on Page 3

Line 1. Adjusted Gross Income. Use your 2002 tax return (Form 1040NR or 1040NR-EZ) and instructions as a guide to figuring the adjusted gross income you expect in 2003 (but be sure to consider the changes noted earlier).

Line 8. Include on this line the additional taxes from **Form 4972**, Tax on Lump-Sum Distributions, or **Form 8814**, Parents' Election To Report Child's Interest and Dividends.

Line 9. Credits. See the instructions for the 2002 Form 1040NR, lines 43 through 49.

Line 11. Other Taxes. Except as noted below, enter any other taxes, such as the taxes on distributions from a Coverdell education savings account or a qualified tuition program, and early distributions from **(a)** an IRA or other qualified retirement plan, **(b)** an annuity, or **(c)** a modified endowment contract entered into after June 20, 1988.

Include household employment taxes (before subtracting advance EIC payments made to your employee(s)) on line 11 if:

- You will have Federal income tax withheld from wages, pensions, annuities, or other income effectively connected with a U.S. trade or business or
- You would be required to make estimated tax payments (to avoid a penalty) even if you did not include household employment taxes when figuring your estimated tax.

Do not include tax on recapture of a Federal mortgage subsidy, social security and Medicare tax on unreported tip income, or uncollected employee social security and Medicare or RRTA tax on tips or group-term life insurance. These taxes are not required to be paid until the due date of your income tax return (not including extensions).

Payment Due Dates

If you have wages subject to U.S. income tax withholding, you may pay all of your estimated tax by April 15, 2003, or in four equal amounts by the dates shown below.

- 1st payment April 15, 2003
- 2nd payment June 16, 2003
- 3rd payment Sept. 15, 2003
- 4th payment Jan. 15, 2004*

If you **do not** have wages subject to U.S. income tax withholding, you may pay all of your estimated tax by June 16, 2003, or you may pay it in three installments. If you pay the tax in three installments, 1/2 is due by June 16, 2003, 1/4 is due by September 15, 2003, and 1/4 by January 15, 2004.*

*You do not have to make the payment due January 15, 2004, if you file your 2003 Form 1040NR or 1040NR-EZ by February 2, 2004, and pay the entire balance due with your return.

We do not send notices reminding you to make your estimated tax payments. You **must** make each payment by the due date.

Even if you are not required to make an estimated tax payment by the first payment due date, you may meet the requirements to make estimated tax payments later. In this case,

you should figure the amount of your estimated tax payments by using the annualized income installment method, explained in Pub. 505. Although your payment due dates will be the same, the payment amounts will vary based on your income, deductions, additional taxes, and credits for the months ending before each payment due date. As a result, this method may allow you to skip or lower the amount due for one or more payments. If you use the annualized income installment method, be sure to file **Form 2210**, Underpayment of Estimated Tax by Individuals, Estates, and Trusts, with your 2003 tax return, even if no penalty is owed.

Farmers and Fishermen. If at least two-thirds of your gross income for 2002 or 2003 is from farming or fishing, you may do one of the following.

- Pay all of your estimated tax by January 15, 2004.
- File your 2003 Form 1040NR by March 1, 2004, and pay the total tax due. In this case, 2003 estimated payments are not required to avoid a penalty.

Fiscal Year Taxpayers. Due dates for fiscal year taxpayers are the 15th day of the 4th (if applicable), 6th, and 9th months of your current fiscal year, and the 1st month of the following fiscal year. If any payment date falls on a Saturday, Sunday, or legal holiday, use the next business day.

Name Change

If you changed your name and made estimated tax payments using your old name, attach a statement to the front of your 2003 income tax return. List all of the estimated tax payments you made for 2003, and the name and identifying number under which you made the payments.

Amending Estimated Tax Payments

To change or amend your estimated tax payments, refigure your total estimated tax payments due (line 18 of the worksheet on page 3). Then, use the worksheets for amended estimated tax under **Regular Installment Method** in chapter 2 of Pub. 505 to figure the payment due for each remaining payment period. If an estimated tax payment for a previous period is less than 1/4 of your amended estimated tax, you may owe a penalty when you file your return.

When a Penalty Is Applied

In some cases, you may owe a penalty when you file your return. The penalty is imposed on each underpayment for the number of days it remains unpaid. A penalty may be applied if you did not pay enough estimated tax for the year or you did not make the payments on time or in the required amount. A penalty may apply even if you have an overpayment on your tax return.

The penalty may be waived under certain conditions. See Pub. 505 for details.
