## Federal Tax Forms Advance Proof Copies

These advance proofs are subject to change and OMB approval before they are released for printing later this year.

Attached are advance proof copies of the following 1996 Federal tax forms and schedules for individual taxpayers:

- Form 1040EZ
- Form 1040A
- Schedules 1, 2, and 3 of Form 1040A
- Form 1040
- Schedules A, B, C, C-EZ, D, E, EIC, F, H, R, and SE of Form 1040
- 1996 Tax Table
- 1996 Tax Rate Schedules
- 1996 Earned Income Credit (EIC) Table

The entry areas on Form 1040A and Schedules 1, 2, 3, and EIC have been reformatted to allow us to process the return faster and more accurately. We have circled other major changes on each item in this package. Schedules A, B, D, E, F, H, R, and SE have no major changes.

The following items, which appeared on the 1995 Form 1040 and Form 1040A, have been deleted:

• Pre-1985 agreement checkbox (line 6d of Forms 1040 and 1040A)

• Dependency checkbox (line 33b of Form 1040 and line 18b of Form 1040A)

• Tax computation checkboxes (from line 23 of Form 1040A)

• Form 1099 withholding checkbox (from line 55 of Form 1040 and line 29a of Form 1040A)

• Recapture taxes (line 49 of Form 1040). These taxes will be entered as write-ins on Form 1040, line 51.

On Schedule C-EZ, the \$25,000 gross receipts limit has been eliminated and the total expense limit has been increased to \$2,500.

### Instructions

You may use Schedule C-EZ instead of Schedule C if you operated a business or practiced a profession as a sole proprietorship and you have met all the requirements listed in Part I of the form.

#### Line A

Describe the business or professional activity that provided your principal source of income reported on line 1. Give the general field or activity and the type of product or service.

#### Line B

Enter on this line the four-digit code that identifies your principal business or professional activity. See page C-6 for the list of codes.

#### Line D

You need an employer identification number (EIN) only if you had a Keogh plan or were required to file an employment, excise, estate, trust, or alcohol, tobacco, and firearms tax return. If you need an EIN, file Form SS-4, Application for Employer Identification Number. If you don't have an EIN, leave line D blank. Do not enter your SSN.

#### Line E

Enter your business address. Show a street address instead of a box number. Include the suite or room number, if any.

#### Line 1—Gross Receipts

Enter gross receipts from your trade or business. Be sure to include any amount you received in your trade or business that was reported on Form(s) 1099-MISC. You must show all items of taxable income actually or constructively received during the year (in cash, property, or services). Income is constructively received when it is credited to your account or set aside for you to use. Do not offset this amount by any losses.

#### Line 2—Total Expenses

Enter the total amount of all deductible business expenses you actually paid during the year. Examples of these expenses include advertising, car and truck expenses, commissions and fees, insurance, interest, legal and professional services, office expense, rent or lease expenses, repairs and maintenance, supplies, taxes, travel, 50% of business meals and entertainment, and utilities (including telephone). For details, see the instructions for Schedule C, Parts II and V, on pages C-2 through C-5.

If you claim car or truck expenses, be sure to complete Part III.

|   | If you wish, you may use the optional worksheet below to record your expenses.   |   |  |  |  |  |  |  |  |  |

#### Before You Begin . . .

- See the instructions for Form 1040A, line 29c, or Form 1040, line 54, to find out if you can take this credit.
- If you can take the credit, fill in the worksheet in those instructions to figure your credit. But if you want the IRS to figure it for you, see instructions on back.

Then, you must complete and attach Schedule EIC only if you have a qualifying child (see boxes on back).

Schedule EIC (Form 1040A or 1040) 1996

## Instructions Purpose of Schedule

If you can take the earned income credit and have a qualifying child, use Schedule EIC to give information about that child. To figure the amount of your credit, use the worksheet in the instructions for Form 1040A, line 29c, or Form 1040, line 54.

If you want the IRS to figure the credit for you, enter "EIC" next to line 29c of Form 1040A or line 54 of Form 1040. Also, enter the amount and type of any nontaxable earned income in the spaces provided on that line and attach Schedule EIC to your return.

## Line 1

Enter each qualifying child's name.

### Line 3a

If your child was born **before 1978** but was under age 24 at the end of 1996 and a student, put a checkmark in the "Yes" box.

Your child was a student if he or she

• Was enrolled as a full-time student at a school during any 5 months of 1996, or

• Took a full-time, on-farm training course during any 5 months of 1996. The course had to be given by a school or a state, county, or local government agency.

A **school** includes technical, trade, and mechanical schools. It does not include on-the-job training courses or correspondence schools.

## Line 3b

If your child was born **before 1978** and was permanently and totally disabled during any part of 1996, put a checkmark in the "Yes" box.

A person is **permanently and totally disabled** if **both** of the following apply.

**1.** He or she cannot engage in any substantial gainful activity because of a physical or mental condition.

**2.** A doctor determines the condition has lasted or can be expected to last continuously for at least a year or can lead to death.

### Line 4

If your child was born **before December 1, 1996**, you **must** enter his or her social security number (SSN) on line 4. If you don't enter an SSN or if the SSN you enter is incorrect, it will take us longer to issue any refund shown on your return. If your child doesn't have a number, apply for one by filing **Form SS-5** with your local Social Security Administration (SSA) office. It usually takes about 2 weeks to get a number. If your child won't have an SSN by April 15, 1997, you can get an automatic 4-month extension by filing Form 4868 with the IRS by that date.

If your child was born in December 1996, you don't have to enter his or her SSN on line 4. Instead, enter "12/96" on line 4.

## Line 6

Enter the number of months your child lived with you in your home in the United States during 1996. (If you were in the military on extended active duty outside the United States, your home is considered to be in the United States during that duty period.) Do not enter more than 12. Count temporary absences, such as for school, vacation, or medical care, as time lived in your home. If the child lived with you for more than half of 1996 but less than 7 months, enter "7" on this line.

**Exception.** If your child, including a foster child, was born or died in 1996 and your home was the child's home for the entire time he or she was alive during 1996, enter "12" on line 6.

If the child was married or is also a qualifying child of another person (other than your spouse if filing a joint return), special rules apply. For details, see the instructions for Form 1040A, line 29c, or Form 1040, line 54.

#### Who Must File Schedule SE

You must file Schedule SE if:

- You had net earnings from self-employment from other than church employee income (line 4 of Short Schedule SE or line 4c of Long Schedule SE) of \$400 or more, **OR**
- You had church employee income of \$108.28 or more. Income from services you performed as a minister or a member of a religious order **is not** church employee income. See page SE-1.

**Note:** Even if you had a loss or a small amount of income from self-employment, it may be to your benefit to file Schedule SE and use either "optional method" in Part II of Long Schedule SE. See page SE-3.

**Exception.** If your only self-employment income was from earnings as a minister, member of a religious order, or Christian Science practitioner **and** you filed Form 4361 and received IRS approval not to be taxed on those earnings, **do not** file Schedule SE. Instead, write "Exempt–Form 4361" on Form 1040, line 45.

Use if your taxable income is less than \$100,000. If \$100,000 or more, use the Tax Rate Schedules.

**Example.** Mr. and Mrs. Brown are filing a joint return. Their taxable income on line 37 of Form 1040 is \$25,300. First, they find the \$25,300–25,350 income line. Next, they find the column for married filing jointly and read down the column. The amount shown where the income line and filing status column meet is \$3,799. This is the tax amount they must enter on line 38 of their Form 1040.

## 1996 Tax Rate Schedules

**Caution:** Use **only** if your taxable income (Form 1040, line 37) is \$100,000 or more. If less, use the **Tax Table.** Even though you cannot use the tax rate schedules below if your taxable income is less than \$100,000, all levels of taxable income are shown so taxpayers can see the tax rate that applies to each level.

## **1996 Earned Income** Credit (EIC) Table

Caution: This is not a tax table.

**To find your credit:** First, read down the "At least — But less than" columns and find the line that includes the amount you entered on line 6 or line 8 of the **Earned Income Credit Worksheet** on page 21. Next, read across to the column that includes the number of qualifying children you have. Then, enter the credit from that column on line 7 or line 9 of that worksheet, whichever applies.
