About this schedule

Each year the Internal Revenue Service (IRS) and the Social Security Administration (SSA) compare the totals on your Forms 941, *Employer's Quarterly Federal Tax Return*, with the totals on Forms W-2, *Wage and Tax Statement*, to verify that:

- the wages you reported on Forms 941 match those you reported on Forms W-2 (Copy A) so that your employees' social security earnings records are complete for benefit purposes; and
- you have paid the appropriate taxes.

Generally, the totals on your Forms W-2 (Copy A) should equal the totals you reported on Forms 941. Use this schedule if discrepancies exist between the totals you reported on those forms ONLY as a result of an acquisition, statutory merger, or consolidation. **In many cases, the information on this schedule should help the IRS resolve discrepancies without contacting you.** If you are an eligible employer who elects to use the alternate procedure set forth in Rev. Proc. 2004-53, explained in the instructions, you should file this schedule.

Read the separate instructions before you fill out this schedule.
