Beginning January 1, 1999, the interest rate we pay on any overpayment of taxes, except for corporate taxes, is the same as the rate of interest we charge on the underpayment of taxes. The law requires us to determine these interest rates quarterly. From January 1, 1987 through December 31, 1998, the interest rate we paid on an overpayment of taxes was one percent less than the rate of interest we charged on your underpayment of taxes. Effective January 1, 1999, we pay a reduced rate of interest on corporate overpayments that exceed $10,000. This reduced rate is the short-term federal interest rate, plus 1/2%.

Removal of Penalties
Reasonable Cause. The law lets us remove or reduce the penalties we explain in this notice if you have an acceptable reason. If you believe you have an acceptable reason, you may send us a signed statement explaining your reason. We will review it and let you know if we accept your explanation as reasonable cause to remove or reduce your penalty. This procedure does not apply to interest.

Eroneous Written Advice from IRS
We will also remove your penalty if:
- you wrote to IRS and asked for advice on a specific issue,
- you gave IRS complete and accurate information,
- IRS wrote back to you and gave you a specific course of action to take or explained what actions not to take,
- you followed our written advice in the manner we outlined, and
- you were penalized for the written advice we gave you.

To have the penalty removed because of eroneous written advice from IRS you should:
- complete Form 843, Claim for Refund and Request for Abatement,
- request that IRS remove the penalty, and
- send Form 843 to the IRS Service Center where you filed your return for the year you relied on erroneous advice from the IRS.

We compound interest daily, except on late or underpaid estimated taxes for individuals or corporations.

We charge a special interest rate of 120 percent of the underpayment rate if:
- The return, not including extensions, was due before January 1, 1990,
- The underpayment was more than $1,000, and
- The underpayment came from a tax-motivated transaction.

We charge interest on penalties for filing late, paying late, over or understating valuations, and substantially understating the tax you owe. Also, we charge interest on fraud and negligence penalties if the tax returns, including extensions, are due after December 31, 1988. For returns due after December 31, 1989, a Accuracy-Related Penalty is charged interest from the later of the return due date or extended return due date.

We continue to charge interest until you pay the amount you owe in full. After December 31, 1990, the law allows us to charge interest at the underpayment rate plus two percent on large corporate underpayments of more than $100,000.

About Your Notice
You may call your local IRS telephone number if the number shown on your notice is a long-distance call for you. All days mentioned in the paragraphs below are calendar days, unless specifically stated otherwise.

Deposit Penalties - IRC 6656
We may charge penalties if you do not make required deposits on time, make deposits for less than the required amount or if you do not use EFTPS when required. We will not charge penalties if you did not willfully fail to make timely deposits, and you have a reasonable cause. For amounts not properly or timely deposited, the penalty rates are:
- 2% — deposits made 1 to 5 days late,
- 5% — deposits made 6 to 15 days late,
- 10% — deposits made 16 days or more late, but on or before the 10th day after the date of the first notice we sent you asking for the tax you owe.

The law allows you to tell the IRS where to apply your deposits within the tax return period with a deposit penalty. You have 90 days from the date of the correspondence you received showing the deposit penalty to contact the IRS if you want to specify where to apply your deposits.

The three documents you must attach to your Form 843 are:
- a copy of your original request for advice from IRS,
- a copy of the erroneous written advice from IRS, and
- a notice (if any) showing the penalty we charged that you now wish us to remove.

10% — Amounts subject to electronic deposit requirements but not deposited using EFTPS.
15% — Amounts still unpaid more than 10 days after the due date of the first notice the IRS sent asking for the tax due or the day on which you receive notice and demand for immediate payment, whichever is earlier.

In addition to the maximum 22-1/2% late filing penalty for the first 5 months your return is late, we may charge the 1/2% (1/4% for months covered by an installment agreement) late payment penalty for each month or part of a month your return is late, but not for more than 25% (22-1/2% late filing and 2-1/2% late paying).

Penalties, Deposit Penalties, and Tax Due — IRC 6656
We charge penalties for late returns, late payments, late deposits, and failure to deposit after a required change to your frequency of deposits.

We charged penalties for the tax due or the day on which you file your return. The maximum penalty is 22-1/2% for filing late and 1/2% for paying late because, according to our records, you filed your return late and didn't pay your tax by the due date of your return. The combined penalty is 5% of your unpaid tax for each month or part of a month your return is late, but not for more than 25% (22-1/2% late filing and 2-1/2% late paying).

For returns due before 12/31/2008, if you didn't file your return within 60 days of the due date, the minimum penalty is $100 or 100% of the tax due on your return, whichever is smaller. For returns due after 12/31/2008, the minimum penalty is the lesser of $10 or 100% of the tax due. If you think we should remove or reduce this penalty, see “Removal of Penalties — Reasonable Cause.”

Underpayment or Late Payment of Estimated Tax - IRC 6654
We charged you a penalty because, according to our records, you didn't estimate your tax and pay the correct amount of tax due.

02 Individuals, Estates, and Certain Trusts — If you expect to owe tax of $1,000 or more for the tax year, you must pay the tax by having tax withheld or by making estimated tax payments. We charge a penalty when the total tax you pay during the year doesn't meet the requirements of the law.

The law requires you to pay at least 90% of the tax shown on your return for the current year or 100% of the tax shown on your return for the prior year, whichever is less. Otherwise, you must make estimated tax payments each quarter, that is generally 25% of the total amount you expect to owe for the year.

Each installment must be at least 25% of the tax liability for the quarter.

The procedure for reasonable cause does not apply to corporate estimated tax penalties. For more information on estimated tax payments, see Form 2210 for your tax year or Publication 505, Tax Withholding and Estimated Tax.

Note: Effective for months beginning after December 31, 1999, the failure to pay tax penalty (FTP) for individuals who file a tax return on or before the due date for the return, is limited to half the usual rate (0.25% rather than 0.5%) for any month in which an Installment Payment Agreement is in effect.

Form 720 — You may pay taxes of $2,000 or less with your tax return.

Form 940 — You may pay taxes of $500 or less with your tax return.

Form CT-1 — You may pay taxes of less than $2,500 with your tax return.

If you think we should reduce or remove this penalty, see “Removal of Penalties — Reasonable Cause.” Also see Publication 5, Circular E — Employer’s Tax Guide, or Publication 51, Circular A — Agricultural Employer’s Tax Guide, for deposit requirements.

57 Failure to Deposit - IRC 6656 — Deposits Insufficient/Late and Incorrect Record of Federal Tax Liability — We charged a penalty because, according to our records, you didn’t deposit your tax using the one-day deposit rule for liabilities $100,000 or more during a deposit period. Also, the Record of Federal Tax Liability on your return was incomplete and we couldn’t determine if you made your deposit on time or in the correct amounts. Therefore, we averaged the liability reported and distributed it equally.

Since your average amount of liability was $100,000 or more, we placed the liability on the first day of the applicable semi-weekly period (eight-monthly period for tax years ending on or before December 31, 1992). We applied your deposits in the due order we received them. We figured the penalty on any tax not deposited, deposited late, or not deposited in the correct amounts.

For deposits due after December 31, 1989, see Code 54.

Interest - IRC 6601

09 Interest — We charged interest because, according to our records, you didn’t pay your tax on time. We figured interest from the due date of your return (regardless of extensions) to the date we received your full payments or the date of your notice.

Corporate interest — We charged additional interest of 2% because, according to our records, you didn’t make your corporate tax payment within 30 days after the IRS notified you of the underpayment of tax. This interest begins on the 31st day after we apply your deposit(s) to your underpayment if taxes you owe over $100,000, minus your timely payments and credits.

19 Additional Interest Charges — If the amount you owe is $100,000 or more, please make sure that we receive your payment within 10 work days from the date of your notice. If the amount you owe is less than $100,000, please make sure that we receive your payment within 21 calendar days from the date of your notice. If we don’t receive full payment within these time frames, the law requires us to charge interest until you pay the full amount you owe.

Interest Paid

Beginning with tax year 1991, you can no longer deduct interest you paid to the United States Treasury as an itemized deduction on your Form 1040, Schedule A.

Interest Reduced

If we reduce interest that you previously reported as a deduction on your tax return, you must report this reduction of interest as income on your tax return for the year we reduce it.

Interest Removed-Erroneous Refund

The law requires us to remove interest up to the date we request you to repay the erroneous refund when:
- you didn’t cause the erroneous refund in any way, and
- the refund doesn’t exceed $50,000.

The IRS may remove or reduce interest on other erroneous refunds based on the facts and circumstances involved in each case.

Annual Interest Netting — Effective January 1, 1987 through December 31, 1998, the interest rate we paid and the underpayment rates of interest that we pay and charge are the same, except for corporate overpayments. If we refund an overpayment with interest and we have to increase the tax at a later date, we give special consideration to the interest on that account.

On the tax increase made after the refund, we will charge the lower refund rates of interest (up to the amount of the refund) for the same time period that we paid interest on the overpayment.

Request for Net Interest Rate of Zero - IRC 6621(d) General Rule — If you owe interest to the IRS on an underpayment for the same period of time that the IRS owed interest to you, you may be entitled to receive a net interest rate of zero (the same rate of interest applies to your underpayment as your overpayment).

To receive the net interest rate of zero for interest you owed (or paid) the IRS, or interest that we owed (or paid) you before October 1, 1998, you must file a Form 843, Claim for Abatement. For more information on the filing requirements for the Form 843, see Revenue Procedure 99-43, 1999-47 I.R.B. 579. Revenue Procedures 99-43 and Form 843 are available at www.irs.gov.

To qualify for the net interest rate of zero, the period of limitation for claiming a refund of interest on an underpayment and the period of limitation for claiming additional interest on an overpayment must have been reduced to 3 years on or after July 22, 1998. Generally, the period of limitations request each pays that of income to begin withholding at a rate of 28% if, after we send you four notices over 210 days, a balance remains due on your account.

Status of Your Account

22 Balance Less than $1 — If the amount you owe is less than $1, we do not have to pay interest on it.

23 Refund Less than $1 — If your refund is less than $1, we will send it to you only if you ask for it.

24 Refund Due We will refund your overpayment (plus interest when applicable), if you owe no other taxes or have no other debts the law requires you to collect.

25 This notice is not the result of an examination of your return. We notify a taxpayer when we select his/her return for examination.

Action Required on Balance Due Accounts

16 Payment — Please make your check or money order payable to the United States Treasury. Write your social security number or employer identification number, the tax period and tax form. Mail your payment with the bottom part of your notice in the enclosed envelope or to the address on the front of your notice.

Notice about Partial Payments — Generally, we apply your payment first to tax, then to penalty, and finally to the interest you owe.

Additional Tax Concerns

Backup Withholding

If you received interest, dividends or patronage dividends in cash, but did not report the income on your tax return and you didn’t pay the tax due on your tax return, you could be subject to a special income tax withholding called Backup Withholding. The IRS may request each payer of that income to begin withholding at a rate of 28% if, after we send you four notices over 210 days, a balance remains due on your account.

Federal/State Exchange Program

The Internal Revenue Service has agreements with state and certain local tax agencies to exchange information about federal tax, including increases or decreases. If this change affects the amount of your state tax liability, you should file the required state or local form to report the change.
