SUPPLEMENTARY INFORMATION:

Background

Under section 6103(j)(1), upon written request from the Secretary of Commerce, the Secretary of the Treasury is to furnish to the Bureau return information that is prescribed by Treasury regulations for the purpose of, but only to the extent necessary in, structuring censuses and national economic accounts and conducting related statistical activities authorized by law. Section 301.6103(j)(1)–1 of the reg-

ulations further defines such purposes by reference to 13 U.S.C. chapter 5 and provides an itemized description of the return information authorized to be disclosed for such purposes.

This document adopts temporary regulations that authorize the IRS to disclose the additional items of return information that have been requested by the Secretary of Commerce to the extent necessary in developing and preparing demographic statistics, including statutorily mandated Small Area Income and Poverty Estimates (SAIPE). The temporary regulations also remove certain items of return information that are enumerated in the existing regulations but that the Secretary of Commerce has indicated are no longer needed.

Temporary regulations in this issue of the Bulletin amend the Procedure and Administration Regulations (26 CFR Part 301) relating to Internal Revenue Code (Code) section 6103(j)(1). The temporary regulations contain rules relating to the disclosure of return information reflected on returns to officers and employees of the Department of Commerce for structuring censuses and national economic accounts and conducting related statistical activities authorized by law.

Explanation of Provisions

By letter dated May 11, 2004, the Department of Commerce requested that additional items of return information be disclosed to the Bureau for purposes related to conducting the SAIPE program and used to estimate the number of school-aged children in poverty for each of the over 14,000 districts in the United States. Specifically, the Department of Commerce requested Earned Income and the number of Earned Income Tax Credit-eligible qualifying children. The request indicates that under the Improving America's Schools Act of 1994 (Public Law 103-382, 108 Stat. 3518 (October 20, 1994)), these estimates were mandated biennially, and under the No Child Left Behind Act of 2002 (Public Law 107-110, 115 Stat. 1425 (January 8, 2002)), they are required annually.

The regulations also remove four items of return information that the Bureau indicated it no longer requires. These items are: end-of-year code; months actively operated; total number of documents and the

total amount reported on the Form 1096 (*Annual Summary and Transmittal of U.S. Information Returns*) transmitting Forms 1099–MISC (*Miscellaneous Income*); and Form 941 (*Employer’s Quarterly Federal Tax Return*) indicator and business address on Schedule C (*Profit or Loss From Business*) of Form 1040. Accordingly, the temporary regulations have removed these items from the enumeration of return information to be disclosed to the Bureau.

Special Analyses

It has been determined that these temporary regulations are not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations. For applicability of the Regulatory Flexibility Act (5 U.S.C. chapter 6), please refer to the cross-reference notice of proposed rulemaking published elsewhere in this issue of the **Federal Register**. Pursuant to section 7805(f) of the Code, these temporary regulations will be submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on their impact on small business.
